Our innovative entrepreneurial classes help students master not only core academic knowledge, such as English & math, but also life skills like problem-solving & teamwork.

Contact us at (407) 327-5300 to find out how our research-based curriculum, small class sizes, & life-skills preparation can put your teen back on track, while the window of opportunity is still open.

Mission

The Jacob School has a mission to bring learning to life for challenging students. Founded in Seminole County over 35 thirty years ago as Stonesoup School, our philosophy & enthusiasm for education continue to guide the school today. Stonesoup School, Inc. a non-profit, 501(c)(3) corporation, is the oldest alternative boarding school in Florida. As the day school component to our boarding school, The Jacob School was created to meet the need of families who wanted their challenging teens to live at home while getting their lives back on track. Our alternative learning environment allows us to successfully reach learners who may have difficulty with the traditional classroom environment.

Admissions

We accept admissions on a rolling basis, however space is limited to maintain a low student to teacher ratio. Annual tuition is \$13,000 and includes all registration fees, all text book fees, and most field trip fees.

Scholarships

The Jacob School offers flexible payment plans and a 7% discount for annual tuition paid in full. Families can apply online for tuition financing through Key Bank to receive a quick credit decision. The Jacob School also accepts the *John McKay Scholarship for Students with Disabilities*. If your child has an IEP, ask us how we may be able to help you save thousands of dollars when you enroll in The Jacob School.

Your child may be eligible for the McKay Scholarship.
